Canadian Renewable Fuels Industry Congratulates JoAnne Buth on Senate Appointment

The Canadian Renewable Fuels Association (CRFA) is pleased to congratulate JoAnne Buth on her recent appointment to the Senate of Canada. Prior to accepting the appointment Ms. Buth was President of the Canola Council of Canada and a member of the CRFA Board of Directors.

Over the years Ms. Buth has been a tireless advocate for the Canadian agricultural community and has spoken strongly on the positive benefits of renewable fuels for farmers. Her work representing canola biodiesel helped achieve the two per cent mandate renewable content for the distillate pool which came into effect on July 1, 2011.

“JoAnne has proven time and again that she will go the extra mile to achieve her members’ goals”, said CRFA interim president and chair, Tim Haig. “I am thrilled that she has been appointed to the Senate and confident that she will be an exceptional representative. The CRFA looks forward to working with her in her new role.”

Founded in 1984, the Canadian Renewable Fuels Association (CRFA) is a non-profit organization with a mission to promote the use of renewable fuels for transportation through consumer awareness and government liaison activities.
