**Statement on behalf of Renewable Industries Canada on the passing of
Gord Brown, Member of Parliament Leeds—Grenville—Thousand Islands
and Rideau Lakes**

It was with great sadness and shock that we learned today of the passing of our friend, Gord Brown.

Gord has been a dedicated Member of Parliament since 2004. He was a champion for Canada's biofuels industry. But over and above that, Gord was open, honest, hardworking and just a pleasure to be with.

Our thoughts and prayers are with his family, his Ottawa colleagues, and his constituency team. Gord will be missed but not forgotten.
